

K-Love Radio Station serves as an alternative to otherwise offensive music and lyrics offered on most radio stations today. Should K-Love be replaced by an LPFM broadcaster I feel the community would be unjustly deprived of the contemporary Christian broadcasting that K-Love provides. K-Love provides a service to the community as an alternative, positive influence, for radio listeners. Since K-Love has been brought to our community I don't listen to any other radio stations. Please allow the continuing broadcast of K-Love in our area. Thank you.
